THE MARCH OF PROGRESS! OUR LATEST IMPROVEMENTS!

Improvement in the Life of Trade, and if you have not seen our latest improved goods with us, inquire now. We have to work to keep within sight of our competitor, or how hard our competitors have to work to keep within sight of us.

Nothing new lately, or how hard our competitors have to work to keep within sight of us.

Nothing new lately, unless having our name and price stamped plainly on the sole. You will supply you with shoes so stamped if you insist upon his doing so; if you do not insist, some will coax you into buying inferior shoes upon which they make a larger profit.

JAMES MEANS' \$3 SHOE UNEXCELLED IN STYLE UNEQUALLED IN DURABILITY AND PERFECTION OF FIT.

JAMES MEANS' \$4 SHOE CANNOT FAIL TO SATISFY THE MOST FASTIDIOUS.

JAMES MEANS' SEAMLESS \$3 SHOE.

JAMES MEANS' \$4 SHOE.

Such has been the recent progress in our branch of industry that we are now able to affirm that

James Means' shoes are equal to the shoes which only a few years ago were retailled at eight or ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the original \$3 and \$4 Shoes, and those who imitate our system of business are unable to compete with us in quality of factory products. In our lines we are the largest manufacturers of the United States.

Our motto is "Quality First," and in fitting the shoe retailers of the Pacific Coast and Rocky

Mountain Region writes from them as follows:

"I am more than satisfied with the results of my trip. I have succeeded in placing our full line in the hands of No. 1 dealers in every point of my travel visited." He goes on to say, "This is a sufficient guarantee for us to sell shoes in quantity. The retailers are charging their customers at retail about double the price which the shoes have cost at wholesale. The consequence is that the people who wear shoes are paying six or seven dollars a pair for shoes which are not worth as much as our JAMES MEANS' \$3 and \$4 Shoes."
